# TNS ESSENTIAL SERUM®

All-in-one skin rejuvenating treatment

## FOR

All skin types

## PURPOSE

Rejuvenate skin appearance, tone and texture

## VISIBLE RESULTS

- Improves the appearance of fine lines and wrinkles
- Helps smooth and brighten skin
- Enhances skin texture, tone and resiliency

## HOW TO USE

AM and PM: Apply a single pump each morning and evening after cleansing and toning to entire face (neck and chest, if desired).

## KEY INGREDIENTS

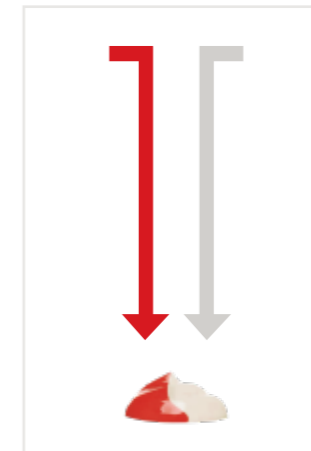

- Growth factors: TNS Recovery Complex®
- 3 peptides
- 7 antioxidants
- Specialty ingredients: Brightener, hyaluronic acid filling spheres

TNS Essential Serum® combines the benefits of 2 formulas—TNS Recovery Complex® in one chamber and APS Corrective Complex in the other—in one serum.

## CHAMBER 1

### TNS Recovery Complex®

Contains TNS®—Tissue Nutrient Solution®—a unique, balanced mixture of over 380 cytokines and growth factors plus antioxidants, peptides and proteins that help rejuvenate the skin.

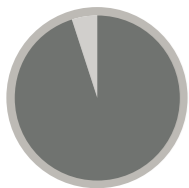

## CHAMBER 2

### APS Corrective Complex®

Contains peptides to support the skin and antioxidants that help prevent damage from free radicals.

Used together, the two complexes reduce the appearance of fine lines, wrinkles and age spots while improving skin tone, texture and elasticity.

# HA<sup>5</sup> REJUVENATING HYDRATOR

A new chapter in skin hydration

The perfect complement to cosmetic injectable treatments and other in-office procedures.

HA<sup>5</sup> Rejuvenating Hydrator works by providing continuous skin hydration. Unlike other hyaluronic acid (HA) serums that only temporarily moisturize the surface, HA<sup>5</sup> has 5 different forms of HA that work synergistically to provide instant smoothing results and continuous hydration throughout the day.

#### FOR

All skin types

#### PURPOSE

Hydrate skin and support hyaluronic acid (HA) levels

#### VISIBLE RESULTS

- Instantly smoothes the appearance of fine lines and wrinkles
- Supports the skin's natural ability to replenish its own HA for overall skin health

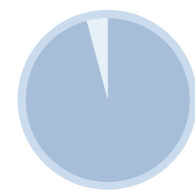

#### HOW TO USE

AM and PM: Apply after cleansing, toning and treating skin, BEFORE you moisturize and apply SPF (sun protection). Apply to face, neck and décolleté, or any area where fine lines and wrinkles primarily exist.

#### KEY INGREDIENTS

5 types of hyaluronic acid and VITISENCE™ Technology —a proprietary blend of antioxidants and peptides
